CONNECT THROUGH CARE AND FRIENDSHIP

The search for a compassionate Memory Care community for those loved ones with dementia can be challenging. Our Memory Care neighborhood, known as The Cottage, is designed to inspire happiness in our residents and help them thrive. An alternative to private suites, our Companion Suites offer not only comfort but also a wide range of benefits that add to your loved one's quality of life.

BENEFIT ONE:

Ease the Transition

With a Companion Suite, your loved one is paired with a compatible senior, establishing an instant connection and community roots.

BENEFIT TWO:

Encourage Engagement

Having a roommate means your loved one will have a constant source of companionship, creating opportunities for crucial socialization.

BENEFIT THREE:

Minimize Symptoms

Research shows that strong social ties lessens the likelihood of cognitive decline. A Companion Suite reduces the feeling of loneliness.

BENEFIT FOUR:

Reduce Costs

Companion Suites offer the same high level of care and amenities as private rooms but at a significant savings.
